

TEAM MEETING LOG:

Team Meeting

WHEN: Friday February 2nd

PURPOSE: First meeting, get to know each members

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle. (all online)

First time the whole team meets, this is when Jackson Holle, and Jack Gerety first join the team.

Members introduced ourselves and get to know each other individually

We talked about what kind of project we will work on. And discuss how the role should be fairly distributed

We did not reach the conclusion of what kind of project we will work on, and decided to wait for the professor's project

We agreed to meet once a week when we know how we are going to work on the project, and we will communicate mainly through discord.

Team Meeting

WHEN: Thursday February 20th at 3:52pm

PURPOSE: Project Discussion,

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Hole.

We decided to work on the project that is described by the professor. And plan to make the project has graphic ability and can be run on a browser

Cyn Tran assigned to take meeting notes, make a Github page to submit team meeting notes.

Team decides to do the assigned class project.

Malik suggests using infix to dictate the expression to parse. We talked that we will use a stack to evaluates the Boolean Expression

Kyler Loung is assigned to document the project test case, and each member's testcase.

Everyone should make their own test case, but Loung will collect it and organize it into one document.

We discuss the responsibility of each of the team members, and each individual responsibility.

Team Meeting

WHEN: Thursday February 22nd at 3:52pm

PURPOSE: Finish Project Management Plan

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

We distributed the work fairly among team members in order to complete the Project Management Plan in time.

We work on filling the Project Management Plan.

We decided that we will keep working on the Project Management Plan and will meet up on Discord to go through all of the material

written before submitting the final Plan

Team Meeting

WHEN: Saturday February 24th at 10am

PURPOSE: Go through finished Project Management Plan.

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

Everyone has finished their part in filling the Project Management Plan.

We go through the document and fix some grammar errors and sentence structure for soundness of the sentences.

All of the team members provided their personal information in Section 3 for easy communication.

Everyone agrees on the final Project Management Plan and Cyn submit the documentation on GitHub

Team Meeting

WHEN: Friday March 22nd, 2024 at 5 PM on discord

PURPOSE: Work on the Specific Requirement Plan

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

Everyone has already looked through the document and now talk about the project as a whole. Everyone started discussing the requirements the program needed to meet. First is functional then non functional. Then, each member explains which part they want to work on and which part they want to assist with. After taking all of their opinions, Cyn assigns each member a part of the document they need to work on. After everyone agreed, we ended the meeting.

Team Meeting

WHEN: Sunday, March 24nd, 2024 at 2 PM on discord

PURPOSE: Work on the Specific Requirement Plan

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

The team has finished their assigned task and goes through the document together before submitting a final version of the assignment. Everyone looked through each other's parts, and gave some additional input. However there were not many changes to make. And everyone was satisfied with the work of their teammates and themselves. We agreed on the final version, and submitted the documentation.

Team Meeting

WHEN: Thursday March 28th 24

PURPOSE: Building the Programming

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

The team talked about how to merge, pull requests for the programming assignment.

A week from this sunday, we planned to have some work done at that time.

We discuss that the group should start coding now, to have more time focusing on the quality of the projects.

We will go through the upcoming documents before starting to code, to avoid ambiguity. The group start assigning each other work to complete the documentation.

We will use object oriented design paradigm to build this project.

Team Meeting

WHEN: Monday April 6th, 2024 at 4 PM on Discord

PURPOSE: Initial Project Planning

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

During this meeting, we revisited our project plan and discussed any updates or changes necessary. Each team member shared their thoughts on the project's direction and potential challenges. We decided to refine our project scope and clarify roles and responsibilities before proceeding further. Additionally, we agreed to establish regular check-ins to track progress and address any issues that may arise.

Team Meeting

WHEN: Tuesday April 13th, 2024 at 5 PM on Discord

PURPOSE: Finalizing Project Requirements

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

In this meeting, we focused on finalizing the specific requirements for our project. Each team member reviewed and provided feedback on the document, ensuring all necessary functionalities were included. We discussed potential enhancements and prioritized tasks to meet project deadlines effectively. After thorough review and discussion, we reached a consensus on the final version of the requirements document and prepared to move forward with the development phase.

Team Meeting

WHEN: Friday, April 19th, 2024 at 3:00 PM on Discord

PURPOSE: Development Progress Update

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

The team gathered to discuss the current state of the Boolean logic calculator's development. Malik presented the initial build of the calculator, which included basic logical operations like AND, OR, and NOT and additional operations NOR and XNOR. The team tested the functionalities live and identified several bugs in the logic handling. Jack proposed a debugging session for the next meeting. Kyler updated the team on the progress of document 05-test-cases, incorporating scenarios discussed in the meeting.

Team Meeting

WHEN: Saturday, April 20th, 2024 at 6:00 PM on Discord

PURPOSE: Debugging and Test Case Review

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

This session focused on debugging the code developed so far. Each team member shared their screen in turns, running their assigned test cases and documenting the outcomes. Discrepancies in expected versus actual results were noted for further investigation. Kaleb led a discussion to refine the test cases, ensuring they cover all possible logical operations and edge cases. The session concluded with an action plan to amend the test cases document based on today's findings.

Team Meeting

WHEN: Monday, April 29th, 2024 at 4:30 PM on Discord

PURPOSE: Final Review of Test Cases Document

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

Kyler presented the updated 05-test-cases document, which now included comprehensive test scenarios and expected outputs for all functions of the Boolean logic calculator. Each team member reviewed the document and provided feedback, focusing on clarity and completeness. Adjustments were made live during the meeting to ensure accuracy and thoroughness. The team agreed to finalize this version for submission to the professor the following day.

Team Meeting

WHEN: Wednesday, May 1st, 2024 at 5:00 PM on Discord

PURPOSE: User Manual Development

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

The focus of this meeting was to start work on the 06-users-manual document. Cyn presented a draft outline of the manual, which included installation instructions, a guide to using the calculator and all sections within the document. Each member contributed ideas on what to include in the manual, especially highlighting common user errors and troubleshooting tips. The team decided on a format and assigned sections to each member to write.

Team Meeting

WHEN: Thursday, May 2nd, 2024 at 6:00 PM on Discord

PURPOSE: Finalization of User Manual and Project Review

ATTENDANCE: Kyler Luong, Cyn Tran, Malik Kchaou, Jack Gerety, Kaleb Howard, Jackson Holle.

This meeting was dedicated to finalizing the 06-users-manual and submission of the implementation. Each team member presented their section of the manual, and the group provided feedback on each part. After revising the content, the team compiled the final document. The meeting concluded with a project review session, where the team assessed their overall progress and discussed any remaining tasks before the project submission deadline.
